

Build-A-Tech, LLC

BASIC BUILDING BLOCKS FOR RADIATION PROTECTION AND IMAGE QUALITY

Endorsed by the Mississippi State Medical Association

This instructional class is to obtain 12 educational credits needed to apply or renew the “Limited X-Ray Machine Operator” permit which allows the individual to take chest, abdomen and skeletal X-rays in Mississippi. The Instructor is nationally registered Radiologic Technologist with 25 plus years’ experience teaching. A certificate of proof of continued education hours will be presented to all Participants when the class is completed.

The class is now offered through Google Classroom. It consists of three informational videos which are compliant with the Mississippi State Board of Health’s requirement of Radiographic Positioning, Medical Imaging, and Radiation Protection and three quizzes to coincide with the videos. You may navigate the class at your own pace .

Each participant will need a “gmail address” to participate.

The cost of the class is \$155.00 by check/money order or \$158.00 to use Venmo (per person)

***Cancellations are accepted. You will be refunded the class fee minus a \$50 handling fee. Tuition transfers from one employee to another is accepted at no additional charge.
