§73-25-51. SHORT TITLE

SECTIONS 73-25-51 THROUGH 73-25-67 SHALL BE KNOWN AS THE "DISABLED PHYSICIAN LAW."

Approved April 8, 1975.

§73-25-53. CONDITIONS WARRANTING RESTRICTION, SUSPENSION OR REVOCATION OF LICENSE

The license of any physician to practice medicine in this state shall be subject to restriction, suspension or revocation, as hereinafter provided, in case of inability of the licensee to practice medicine with reasonable skill or safety to patients by reason of one of more of the following:

- (a) Mental illness;
- (b) Physical illness, including but not limited to deterioration through the aging process, or loss of motor skill;
- (c) Excessive use or abuse of drugs, including alcohol.

Approved April 8, 1975.

§73-25-55. REFERRAL OF PHYSICIAN TO EXAMINING COMMITTEE

- (1) If the State Board of Medical Licensure has reasonable cause to believe that a physician licensed to practice medicine in this state is unable to practice medicine with reasonable skill and safety to patients because of a condition described in Section 73-25-53, such Board of Medical Licensure shall cause an examination of such physician to be made as described in subsection (2) of this section and shall, following such examination, take appropriate action within the provisions of Sections 73-25-51 through 73-25-67.
- (2) Examination of a physician under this section shall be conducted by an examining committee as provided in the following:
 - (a) Except as otherwise provided in paragraph (b) below, the Board of Medical Licensure shall refer all cases for such examination to the Mississippi State Medical Association or its constituent bodies for examination by an examining committee as created by such association exclusively for the purpose of such examinations. Such examining committee shall be composed of three (3) practicing physicians and shall include at least one (1) psychiatrist if a question of mental illness is involved.
 - (b) If the physician to be examined is not a member of the Mississippi State Medical Association, or if the Mississippi State Medical Association is unable or unwilling to act on a referral by the Board of Medical Licensure for examination, the Board shall designate the members of an examining committee. Such examining committee shall be composed of three (3) practicing physicians and shall include at least one (1) psychiatrist if a question of mental illness is involved.

Approved July 1, 1980.

§73-25-57. EXAMINATION OF PHYSICIAN; CONFIDENTIALITY OF RECORDS

- (1) The examining committee assigned to examine a physician pursuant to referral by the Board under Section 73-25-55 shall conduct an examination of such physician for the purpose of determining the physician's fitness to practice medicine with reasonable skill and safety to patients, either on a restricted or unrestricted basis, and shall report its findings and recommendations to the Board. The committee shall order the physician to appear before the committee for examination and give him ten (10) days' notice of time and place of the examination, together with a statement of the cause for such examination. Such notice shall be served upon the physician either personally or by registered or certified mail with return receipt requested.
- (2) If the examining committee, in its discretion, should deem an independent mental or physical examination of the physician necessary to its determination of the fitness of the physician to practice, the committee shall order the physician to submit to such examination. Any person licensed to practice medicine in this state shall be deemed to have waived all objections to the admissibility of the examining committee's report in any proceedings before the Board under Sections 73-25-51 through 73-25-67 on the grounds of privileged communication. Any physician ordered to an examination before the committee under subsection (2) shall be entitled to an independent mental or physical examination if he makes request therefor.
- (3) Any physician who submits to a diagnostic mental or physical examination as ordered by the examining committee shall have a right to designate another physician to be present at the examination and make an independent report to the Board.
- (4) Failure of a physician to comply with a committee order under subsection (2) to appear before it for examination or to submit to mental or physical examination under this section shall be reported by the committee to the Board, and unless due to circumstances beyond the control of the physician, shall be grounds for suspension by the Board of the physician's license to practice medicine in this state until such time as such physician has complied with the order of the committee.
- (5) The examining committee may inspect patient records in accordance with the provisions of Section 73-25-28.
- (6) All patient records, investigative reports and other documents in possession of the Board and examining committee shall be deemed confidential and not subject to subpoena or disclosure unless so ordered by the court from which the subpoena issued, but the court, in its discretion, may limit use or disclosure of such records. Notwithstanding, and to encourage the prompt reporting of disabled practitioners, neither the Board nor examining committee shall reveal the identity of any source of information where the source has requested anonymity.

§73-25-59. PHYSICIAN MAY REQUEST RESTRICTION OF LICENSE

A physician may request in writing to the Board a restriction of his license to practice medicine. The Board may grant such request for restriction and shall have authority, if it deems appropriate, to attach conditions to the licensure of the physician to practice medicine within specified limitations, and waive the commencement of any proceeding under Section 73-25-63. Removal of a voluntary restriction on licensure to practice medicine shall be

subject to the procedure for reinstatement of license in Section 73-25-65.

Approved April 8, 1975.

§73-25-61. EXAMINING COMMITTEE TO REPORT FINDINGS AND DETERMINATION

- (1) The examining committee shall report to the Board its findings on the examination of the physician under Section 73-25-57, the determination of the committee as to the fitness of the physician to engage in the practice of medicine with reasonable skill and safety to patients, either on a restricted or unrestricted basis, and any management that the committee may recommend. Such recommendation by the committee shall be advisory only and shall not be binding on the Board.
- (2) The Board may accept or reject the recommendation of the examining committee to permit a physician to continue to practice with or without any restriction on his license to practice medicine, or may refer the matter back to the examining committee for further examination and report thereon.
- (3) In the absence of a voluntary agreement by a physician under Section 73-25-59 for restriction of the licensure of such physician to practice medicine, any physician shall be entitled to a hearing in formal proceedings before the Board and a determination on the evidence as to whether or not restriction, suspension or revocation of licensure shall be imposed.

Approved April 8, 1975.

**§73-25-63. HEARING BEFORE STATE BOARD OF HEALTH (MEDICAL LICENSURE);
TEMPORARY SUSPENSION OF LICENSE PENDING HEARING**

Such notice and reports shall be served upon the physician either personally or by registered or certified mail with return receipt requested.
- (2) At said hearing the physician shall have the right to be present, to be represented by counsel, to produce witnesses or evidence in his behalf, to cross-examine witnesses, and to have subpoenas issued by the Board.
- (3) At the conclusion of the hearing, the Board shall make a determination of the merits and may issue an order imposing one or more of the following:
 - (a) Make a recommendation that the physician submit to the care, counseling or treatment by physicians acceptable to the Board.
 - (b) Suspend or restrict the license of the physician to practice medicine for the duration of his impairment.
 - (c) Revoke the license of the physician to practice medicine.
- (4) The Board may temporarily suspend the license of any physician without a hearing, simultaneously with the institution of proceedings for a hearing under this section, if it finds that the evidence in support of the examining committee's determination is clear, competent and unequivocal and that his continuation in practice would constitute an imminent danger to public health and safety.

- (5) Neither the record of the proceedings nor any order entered against a physician may be used against him in any other legal proceedings except upon judicial review as provided herein.

Approved April 8, 1975.

§73-25-65. REINSTATEMENT; JUDICIAL REVIEW

- (1) A physician whose licensure has been restricted, suspended or revoked under Sections 73-25-51 through 73-25-67, voluntarily or by action of the Board, shall have a right, at reasonable intervals, to petition for reinstatement of his license and to demonstrate that he can resume the competent practice of medicine with reasonable skill and safety to patients. Such petition shall be made in writing and on a form prescribed by the Board. Action of the Board on such petition shall be initiated by referral to and examination by the examining committee pursuant to the provisions of Sections 73-25-55 and 73-25-57. The Board may, upon written recommendation of the examining committee, restore the licensure of the physician on a general or limited basis or institute a proceeding pursuant to Section 73-25-63 for the determination of the fitness of the physician to resume his practice.
- (2) All orders of the Board entered under Section 73-25-63(3), (4) shall be subject to judicial review by appeal to the chancery court of the county of the residence of the physician involved against whom the order is rendered, within twenty (20) days following the date of entry of the order, said appeal to be taken and perfected in the same manner as appeals from orders of boards of supervisors.

Approved April 8, 1975.

There shall be no liability on the part of and no action for damages against:

- (a) Any member of the examining committee or the Board for any action undertaken or performed by such member within the scope of the functions of such committee or the Board under Sections 73-25-51 through 73-25-67 when acting without malice and in the reasonable belief that the action taken by him is warranted; or

§73-25-83. GROUND FOR DISCIPLINARY ACTION BY BOARD

The Board shall have authority to deny an application for licensure or other authorization to practice medicine in this state and to discipline a physician licensed or otherwise lawfully practicing within this state who, after a hearing, has been adjudged by the Board as unqualified due to one or more of the following reasons:

- (a) Unprofessional conduct as defined in the physician licensure and disciplinary laws, pursuant to Section 73-25-29;

2.3 INTERSTATE MEDICAL LICENSURE COMPACT

§73-25-101. INTERSTATE MEDICAL LICENSURE COMPACT CREATED

The Interstate Medical Licensure Compact is enacted into law and entered into by this state with any and all states legally joining in the Compact in accordance with its terms, in the form substantially as follows:

INTERSTATE MEDICAL LICENSURE COMPACT

SECTION 1

Purpose

In order to strengthen access to health care, and in recognition of the advances in the delivery of health care, the member states of the Interstate Medical Licensure Compact have allied in common purpose to develop a comprehensive process that complements the existing licensing and regulatory authority of state medical boards, provides a streamlined process that allows physicians to become licensed in multiple states, thereby enhancing the portability of a medical license and ensuring the safety of patients. The Compact creates another pathway for licensure and does not otherwise change a state's existing Medical Practice Act. The Compact also adopts the prevailing standard for licensure and affirms that the practice of medicine occurs where the patient is located at the time of the physician-patient encounter, and therefore, requires the physician to be under the jurisdiction of the state medical board where the patient is located. State medical boards that participate in the Compact retain the jurisdiction to impose an adverse action against a license to practice medicine in that state issued to a physician through the procedures in the Compact.

- (2) The Interstate Commission shall defend the executive director, its employees, and subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an Interstate Commission representative, shall defend such Interstate Commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error or omission that occurred within the scope of Interstate Commission employment, duties or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

SECTION 15

Rulemaking Functions of the Interstate Commission

- (a) The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the Compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the Compact, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

SECTION 16

Oversight of Interstate Compact

- (a) The executive, legislative, and judicial branches of state government in each member state shall enforce the Compact and shall take all actions necessary and appropriate to effectuate the Compact's purposes and intent. - (c) The Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceeding for all purposes. - (b) The Interstate Commission may, by majority vote of the Commissioners, initiate legal action in the United States District Court for the District of Columbia, or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of the Compact, and its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

- (c) If the defaulting state fails to cure the default, the defaulting state shall be terminated from the Compact upon an affirmative vote of a majority of the Commissioners and all rights, privileges, and benefits conferred by the Compact shall terminate on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.
- (d) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to terminate shall be given by the Interstate Commission to the Governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.
- (e) The Interstate Commission shall establish rules and procedures to address licenses and physicians that are materially impacted by the termination of a member state, or the withdrawal of a member state.
- (f) The member state which has been terminated is responsible for all dues, obligations, and liabilities incurred through the effective date of termination including obligations, the performance of which extends beyond the effective date of termination.
- (g) The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or which has been terminated from the Compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.
- (h) The defaulting state may appeal the action of the Interstate Commission by petitioning the United States District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. SECTION 21

Withdrawal

- (a) Once effective, the Compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the Compact by specifically repealing the statute which enacted the Compact into law.
- (b) Withdrawal from the Compact shall be by the enactment of a statute repealing the same, but shall not take effect until one (1) year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the Governor of each other member state.
- (c) The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing the Compact in the withdrawing state.
- (d) The Interstate Commission shall notify the other member states of the withdrawing state's intent to withdraw within sixty (60) days of its receipt of notice provided under subsection (c).
- (e) The withdrawing state is responsible for all dues, obligations and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.
- (f) Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the Compact or upon such later date as determined by the Interstate Commission.

physicians who designated the withdrawing member state as the state of principal license.

SECTION 22

2.4 LICENSURE OF PHYSICIANS AND OSTEOPATHS

§73-25-1. DUTY TO OBTAIN LICENSE

Every person who desires to practice medicine must first obtain a license to do so from the State Board of Medical Licensure, but this section shall not apply to physicians now holding permanent license, the same having been recorded as required by law.

§73-25-3. HOW LICENSE OBTAINED; CRIMINAL HISTORY RECORDS CHECK AND FINGERPRINTING REQUIRED; EDUCATIONAL REQUIREMENTS

Every person who desires to obtain a license to practice medicine must apply therefor, in writing, to the State Board of Medical Licensure at least ten (10) days before the date of the examination and must be examined by the Board according to the methods deemed by it to be the most practical and expeditious to test the applicants' qualifications. If the applicant is found by the Board, upon examination, to possess sufficient learning in those branches and to be of good moral character, the Board shall issue him a license to practice medicine; however, no applicant shall be granted a license unless the applicant holds a diploma from a reputable medical college or college of osteopathic medicine that requires a four-year course of at least thirty-two (32) weeks for each session, or its equivalent.

To qualify for a Mississippi medical license, an applicant must have successfully been cleared for licensure through an investigation that shall consist of a determination as to good moral character and verification that the prospective licensee is not guilty of or in violation of any statutory ground for denial of licensure as set forth in Sections 73-25-29 and 73-25-83. To assist the Board in conducting its licensure investigation, all applicants shall undergo a fingerprint-based criminal history records check of the Mississippi central criminal database and the Federal Bureau of Investigation criminal history database. Each applicant shall submit a full set of the applicant's fingerprints in a form and manner prescribed by the Board, which shall be forwarded to the Mississippi Department of Public Safety (Department) and the Federal Bureau of Investigation Identification Division for this purpose.

Any and all state or national criminal history records information obtained by the Board that is not already a matter of public record shall be deemed nonpublic and confidential information restricted to the exclusive use of the Board, its members, officers, investigators, agents and attorneys in evaluating the applicant's eligibility or disqualification for licensure, and shall be exempt from the Mississippi Public Records Act of 1983. Except when introduced into evidence in a hearing before the Board to determine licensure, no such information or records related thereto shall, except with the written consent of the applicant or by order of a court of competent jurisdiction, be released or otherwise disclosed by the Board to any other person or agency.

The Board shall provide to the Department the fingerprints of the applicant, any additional information which may be required by the Department, and a form signed by the applicant consenting to the check of the criminal records and to the use of the fingerprints and other identifying information required by the state or national repositories.

The Board shall charge and collect from the applicant, in addition to all other applicable fees

and costs, such amount as may be incurred by the Board in requesting and obtaining state and national criminal history record information on the applicant.

This section shall not apply to applicants for a special volunteer medical license authorized under Section 73-25-18.

§73-25-5. APPLICATION FOR LICENSE

The application for license must include such information as the State Board of Medical Licensure shall require.

Each application or filing made under this section shall include the Social Security number(s) of the applicant in accordance with Section 93-11-64, Mississippi Code of 1972.

§73-25-7. EXAMINATIONS; WHEN AND WHERE CONDUCTED

The State Board of Medical Licensure shall meet at the capitol at least once each year for the purpose of examining applicants for license to practice medicine or osteopathic medicine and shall continue in session until all applicants are examined.

§73-25-9. FEES FOR EXAMINATION

Every person who shall apply for license to practice medicine shall, before he will be entitled to be examined, pay a fee to be set by the State Board of Medical Licensure, not to exceed two hundred fifty dollars (\$250.00).

In addition to fees for examination as provided for above, the State Board of Medical Licensure is authorized to charge applicants an amount equivalent to the cost to the State Board of Medical Licensure of purchasing and administering any national examinations approved by the Federation of State Medical Boards.

§73-25-11. FORM OF LICENSE

A license to practice medicine shall be of such form and include such information as the State Board of Medical Licensure may prescribe.

§73-25-13. REPEALED

Approved April 4, 2016

§73-25-14. ANNUAL RENEWAL OF LICENSE; REQUIREMENTS FOR REINSTATEMENT AFTER LAPSE; CRIMINAL HISTORY RECORDS CHECK AND FINGERPRINTING

- (1) Except as provided in Section 33-1-39, the license of every person licensed to practice medicine or osteopathy in the state of Mississippi shall be renewed annually.

On or before May 1 of each year, the State Board of Medical Licensure shall mail a notice of renewal of license to every physician or osteopath to whom a license was issued or renewed during the current licensing year. The notice shall provide instructions for obtaining and submitting applications for renewal. The State Board of

- Medical Licensure is authorized to make applications for renewal available via electronic means. The applicant shall obtain and complete the application and submit it to the Board in the manner prescribed by the Board in the notice before June 30 with the renewal fee of an amount established by the Board, but not to exceed Three Hundred Dollars (\$300.00), a portion of which fee shall be used to support a program to aid impaired physicians and osteopaths. The payment of the annual license renewal fee shall be optional with all physicians over the age of seventy (70) years. Upon receipt of the application and fee, the Board shall verify the accuracy of the application and issue to applicant a certificate of renewal for the ensuing year, beginning July 1 and expiring June 30 of the succeeding calendar year. That renewal shall render the holder thereof a legal practitioner as stated on the renewal form.
- (2) Any physician or osteopath practicing in Mississippi who allows his or her license to lapse by failing to renew the license as provided in subsection (1) may be reinstated by the Board on satisfactory explanation for the failure to renew, by completion of a reinstatement form, and upon payment of the renewal fee for the current year, and shall be assessed a fine of Twenty-five Dollars (\$25.00) plus an additional fine of Five Dollars (\$5.00) for each month thereafter that the license renewal remains delinquent.
 - (3) Any physician or osteopath not practicing in Mississippi who allows his or her license to lapse by failing to renew the license as provided in subsection (1) may be reinstated by the Board on satisfactory explanation for the failure to renew, by completion of a reinstatement form and upon payment of the arrearages for the previous five (5) years and the renewal fee for the current year.
 - (4) Any physician or osteopath who allows his or her license to lapse shall be notified by the Board within thirty (30) days of that lapse.
 - (5) Any person practicing as a licensed physician or osteopath during the time his or her license has lapsed shall be considered an illegal practitioner and shall be subject to penalties provided for violation of the Medical Practice Act, if he or she had not submitted the required reinstatement form and fee within fifteen (15) days after notification by the Board of the lapse.
 - (6) Any physician or osteopath practicing in the state of Mississippi whose license has lapsed and is deemed an illegal practitioner under subsection (5) of this section may petition the Board for reinstatement of his or her license on a retroactive basis, if the physician or osteopath was unable to meet the June 30 deadline due to extraordinary or other legitimate reasons, and retroactive reinstatement of licensure shall be granted or may be denied by the Board only for good cause. Failure to advise the Board of change of address shall not be considered a basis of reinstatement.
 - (7) None of the fees or fines provided for in this section shall be applicable to the renewal of a special volunteer medical license authorized under Section 73-25-18.
 - (8) Fees collected under the provisions of this section shall be used by the Board to defray expenses of administering the licensure provisions of the Medical Practice Act (Title 73, Chapter 25, Mississippi Code of 1972) and to support a program to aid impaired physicians and osteopaths in an amount determined by the Board.
 - (9) In order for a physician or osteopath whose medical license has been expired for five (5) years or more to qualify for reinstatement of license, the physician or osteopath

must have successfully been cleared for reinstatement through an investigation that shall consist of a determination as to good moral character and verification that the prospective licensee is not guilty of or in violation of any statutory ground for denial of licensure as set forth in Sections 73-25-29 and 73-25-83. To assist the Board in conducting its licensure investigation, all applicants shall undergo a fingerprint-based criminal history records check of the Mississippi central criminal database and the Federal Bureau of Investigation criminal history database. Each applicant shall submit a full set of the applicant's fingerprints in a form and manner prescribed by the Board which shall be forwarded to the Mississippi Department of Public Safety (Department) and the Federal Bureau of Investigation Identification Division for this purpose.

Any and all state or national criminal history records information obtained by the Board that is not already a matter of public record shall be deemed nonpublic and confidential information restricted to the exclusive use of the Board, its members, officers, investigators, agents and attorneys in evaluating the applicant's eligibility or disqualification for licensure, and shall be exempt from the Mississippi Public Records Act of 1983. Except when introduced into evidence in a hearing before the Board to determine licensure, no such information or records related thereto shall, except with the written consent of the applicant or by order of a court of competent jurisdiction, be released or otherwise disclosed by the Board to any other person or agency.

The Board shall provide to the Department the fingerprints of the applicant, any additional information that may be required by the Department, and a form signed by the applicant consenting to the check of the criminal records and to the use of the fingerprints and other identifying information required by the state or national repositories.

The Board shall charge and collect from the applicant, in addition to all other applicable fees and costs, such amount as may be incurred by the Board in requesting and obtaining state and national criminal history records information on the applicant.

§73-25-15. LOST LICENSE MAY BE SUPPLIED

If a license to practice medicine be issued and be lost, or if the holder of a license fails to have the same recorded within sixty (60) days as required by law, the State Board of Medical Licensure may, in its discretion, issue a new license.

§73-25-17. TEMPORARY LICENSE

- (1) Except as otherwise provided in subsections (2) through (5) below, the executive officer of the State Board of Medical Licensure may issue under his signature a temporary license to practice medicine which shall be valid until the next succeeding meeting of the Board for examining applicants; and such license shall show the date of its issuance, otherwise it shall be void. Only one (1) temporary license shall ever be issued to the same person pursuant to this subsection, and it shall always be made

to an individual and not to a partnership; provided, however, that the temporary license of a person enrolled in any American Medical Association-approved internship, residency or fellowship program within the state, other than the fellowship program set forth in subsection (3) below, may be renewed annually for the duration of the internship, residency or fellowship program for a period not to exceed five (5) years.

- (2) The State Board of Medical Licensure may issue a temporary license to practice medicine at a youth camp licensed by the State Board of Health to nonresident physicians and retired resident physicians under the provisions of Section 75-74-8.
- (3) The State Board of Medical Licensure may issue a temporary license to practice medicine to physicians who have been admitted for treatment in a drug and/or alcohol treatment program approved by the Board, or who are enrolled in the fellowship of addictionology in the Mississippi State Medical Association Impaired Professionals Program; provided that, if the applicant is a nonresident of the state said applicant shall hold a valid license to practice medicine in another state and the medical licensing authority of that state shall certify to the Board of Medical Licensure in writing that such license is in good standing. A temporary license issued under this subsection shall be valid for a period of ninety (90) days but may be renewed every ninety (90) days for the duration of the fellowship or treatment program, provided that if the applicant discontinues treatment or leaves the fellowship program the temporary license shall automatically become null and void. The Board may rescind or extend this temporary license for cause.

A temporary license issued to a physician under this subsection shall be limited to only the out-patient phase of the treatment program or that period of time necessary to complete the fellowship of addictionology and shall authorize that physician to whom the license is issued to administer treatment and care within the scope of the drug and/or alcohol treatment program or fellowship in an institutional setting and shall not authorize the physician to otherwise practice in this state. A physician licensed under this subsection shall not apply to the U.S. Drug Enforcement Administration for a controlled substances registration certificate and must be under the supervision of another physician holding a valid and permanent license in this state.

- (4) A physician who has had his permanent license to practice in this state revoked or suspended by the Board due to habitual personal use of intoxicating liquors or narcotic drugs, or any other drug having addiction-forming or addiction-sustaining liability, may be granted a temporary license pursuant to subsection (3) above, provided the issuance of such a temporary license is not in conflict with the prior disciplinary order of the Board rendered against the physician.
- (5) The applicant applying for a ninety-day temporary license to practice while in treatment in an approved drug and/or alcohol treatment program or while enrolled in the fellowship of addictionology shall pay a fee not to exceed fifty dollars (\$50.00) to the Board. No additional fee shall be charged for an extension.

§75-74-8. TEMPORARY LICENSES FOR NONRESIDENT OR RETIRED PHYSICIANS ... TO PRACTICE AT YOUTH CAMPS

- (1) Any nonresident physician who is not licensed to practice medicine in this state and any resident physician who is retired from the active practice of medicine in this state may be issued a temporary license by the State Board of Medical Licensure to practice medicine at a youth camp licensed by the State Board of Health under this chapter while serving as a volunteer at such a camp, provided that any such nonresident physician shall hold a valid license to practice medicine in another state and the medical licensing authority of that state shall certify to the Board of Medical Licensure in writing that such license is in good standing, and that any such retired resident physician shall be in good standing with the Board of Medical Licensure.
- (2)
- (3) A temporary license issued under subsection (1) ... of this section shall authorize the physician ... to whom the license is issued to administer treatment and care within the scope of his training to campers and employees of the youth camp, but shall not authorize the physician ... to otherwise practice in the state. Such temporary license shall be valid only during the time that the physician ... is in residence at the camp, but in no event shall such license be valid for more than ninety (90) days. A new temporary license shall be obtained by a physician ... each time that he serves as a volunteer at a youth camp. The fee for each such license shall be twenty-five dollars (\$25.00), which shall be payable to the Board from which the license is obtained.

 - (iv) Acknowledgment and documentation that the physician assistant will not receive any payment or compensation, either direct or indirect, or have the expectation of any payment or compensation, for any services rendered under the special volunteer physician assistant license.

§73-25-19. NONRESIDENTS

Nonresident physicians not holding license from the state shall not be permitted to practice medicine under any circumstances after remaining in the state for five (5) days, except when called in consultation by a licensed physician residing in this state. This section shall not apply to any nonresident physician who holds a temporary license to practice medicine at a youth camp issued under the provisions of Section 75-74-8 and Section 73-25-17.

§73-25-21. LICENSEES FROM OTHER STATES OR CANADA MAY BE GRANTED LICENSE WITHOUT EXAMINATION; AFFILIATION WITH BOARDS OF MEDICAL EXAMINERS

The State Board of Medical Licensure may grant license to practice medicine without examination as to learning to graduates in medicine or osteopathic medicine who hold license to practice medicine from another state, provided the requirements in such state are equal to those required by the State Board of Medical Licensure. The State Board of Medical Licensure may affiliate with and recognize for the purpose of waiving examination diplomates of the National Board of Medical Examiners, or the National Board of Examiners for Osteopathic Physicians and Surgeons in granting license to practice medicine in Mississippi. In addition, the Board may grant a license to practice medicine without examination to licentiates of the Medical Council of Canada (LMCC) who are graduates of Canadian medical schools which are accredited by the Liaison Committee on Medical Education, as sponsored by the American Medical Association and the Association of American Medical Colleges, and by the Committee for Accreditation of Canadian Medical Schools, as sponsored by the Canadian Medical Association and the Association of Canadian Medical Colleges.

The issuance of a license by reciprocity to a military-trained applicant or military spouse shall be subject to the provisions of Section 73-50-1.

§73-25-23. LICENSING OF GRADUATES OF FOREIGN MEDICAL SCHOOLS

The State Board of Medical Licensure is hereby authorized and empowered to grant limited institutional license for the practice of medicine in state institutions to graduates of foreign medical colleges approved by the National Educational Council for Foreign Medical Graduates or its successor, subject to the conditions as set out herein.

Any graduate of a foreign medical college approved by the organizations specified in the foregoing paragraph who is employed or is being considered for employment to practice medicine in one or more Mississippi state-supported institution(s) located in the same county shall make application for license to the State Board of Medical Licensure. The application shall be made on a form prescribed by the Board of Medical Licensure as required by laws of the state of Mississippi. The application shall also state the institution or institutions in which the applicant has assurance of employment. The State Board of Medical Licensure is hereby authorized to establish minimum standards of qualifications including moral, experience and proficiency for such applicants. The application and the Board's recommendation shall be forwarded to the board of trustees and director of the institution(s) in which the applicant wishes to practice.

Upon receipt of such approved application from the State Board of Medical Licensure, the board of trustees or the governing authority and director of the institution or health center shall submit the application for review to the local medical society, the member of the Board of Trustees of the State Medical Association of that district and the member of the State Board of Medical Licensure of the district in which the institution is located. A formal recommendation from each of these, along with that of the board of trustees and director of

the institution, shall become a part of the application, and shall then be returned to the State Board of Medical Licensure. If a majority of the recommendations are in favor of the applicant, the State Board of Medical Licensure may, in its discretion, issue a limited license to practice medicine. The holder of such a license shall be subject to all the laws of the state of Mississippi governing the practice of medicine.

Such license shall be for one (1) year and shall be in such form as the State Board of Medical Licensure shall prescribe, and shall be issued for practice in a particular institution and shall not be endorsable to another state. The license must be renewed annually, after such review as the State Board of Medical Licensure considers necessary. A graduate of a foreign medical school so licensed may hold such limited institutional license no longer than five (5) years. However, any graduate of a foreign medical school so licensed and employed by any state institution on January 1, 1981, shall not be subject to the five-year limitation created hereby. In addition, the State Board of Medical Licensure, in its discretion, may waive the five-year limitation on limited institutional licenses for any graduate of a foreign medical school who holds such license.

It is the intent of this section to enable Mississippi institutions to utilize the services of qualified graduates of foreign medical colleges during the period necessary for them to secure citizenship papers, and to meet other requirements for a regular license, including Educational Council for Foreign Medical Graduates certification. The State Board of Medical Licensure is hereby authorized, in its discretion, to refuse to renew, or to revoke such limited license if the holder of such license has failed to avail himself of the opportunity to take the examination for regular licensure after becoming eligible for such examination.

The State Board of Medical Licensure may establish reasonable and uniform license fees and shall make such rules and regulations as it considers necessary to carry out the purposes of this section.

The State Board of Medical Licensure is hereby authorized and directed to grant a full license for the practice of medicine to a graduate of a foreign medical school who has previously been granted an institutional license in one or more Mississippi state supported institutions for a twenty-nine-year period of time and who on July 1, 2001, was serving as director of a Mississippi state-supported hospital and who has passed the clinical competency part of the Flex Examination for the state of Mississippi.

§73-25-25. OSTEOPATHS

Any person desiring to practice osteopathic medicine in this state must first obtain a license from the State Board of Medical Licensure by passing the same examination as those applying to practice medicine. The State Board of Medical Licensure shall also license doctors of osteopathy who meet the conditions of Sections 73-25-17, 73-25-19 or 73-25-21. License to practice osteopathic medicine must be recorded as required by law for license to practice medicine, with like penalty on failure to so record.

§73-25-27. SUSPENSION OR REVOCATION OF LICENSE; NOTICE AND OPPORTUNITY FOR HEARING; APPEAL; SUBPOENA POWER; VALIDITY OF SUSPENDED OR REVOKED LICENSE

The State Board of Medical Licensure after notice and opportunity for a hearing to the licentiate, is authorized to suspend or revoke for any cause named in this chapter any license it has issued, or the renewal thereof, that authorizes any person to practice medicine, osteopathy, or any other method of preventing, diagnosing, relieving, caring for, or treating, or curing disease, injury or other bodily condition. The procedure for suspension of a license for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a license suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a license suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

The notice shall be effected by registered mail or personal service setting forth the particular reasons for the proposed action and fixing a date not less than thirty (30) days or more than sixty (60) days from the date of the mailing or the service, at which time the licentiate shall be given an opportunity for a prompt and fair hearing. For the purpose of the hearing the Board, acting by and through its executive office, may subpoena persons and papers on its own behalf and on behalf of the licentiate, including records obtained under Section 73-25-28 and Section 73-25-83(c), may administer oaths and the testimony when properly transcribed, together with the papers and exhibits, shall be admissible in evidence for or against the licentiate. At the hearing the licentiate may appear by counsel and personally in his own behalf. Any person sworn and examined as a witness in the hearing shall not be held to answer criminally, nor shall any papers or documents produced by the witness be competent evidence in any criminal proceedings against the witness other than for perjury in delivering his evidence. The Board or its designee, in the conduct of any hearing, shall not be bound by strict laws or rules of evidence. The Board may adopt rules and discovery and procedure governing all proceedings before it. On the basis of any such hearing, or upon default of the licentiate, the Board shall make a determination specifying its findings of fact and conclusions of law. The Board shall make its determination based upon a preponderance of the evidence.

A copy of the determination shall be sent by registered mail or served personally upon the licentiate. The decision of the Board revoking or suspending the license shall become final thirty (30) days after so mailed or served unless within that period the licentiate appeals the decision to the chancery court, under the provisions of this section. The appeal to the chancery court shall be based solely on the record made before the Board. A transcript of the proceedings and evidence, together with exhibits, presented at the hearing before the Board in the event of appeal shall be a part of the record before the chancery court. The chancery court shall dispose of the appeal and enter its decision promptly. The hearing on the appeal may, in the discretion of the chancellor, be tried in vacation. Appeals may be taken to the Supreme Court of the state of Mississippi as provided by law from any final action of the chancery court. No such person shall be allowed to practice medicine in

violation of any action of the chancery court affirming, in whole or in part, the determination of the Board, while any such appeal to the Supreme Court is pending.

For the purpose of conducting investigations, the Board, through its executive director, may issue subpoenas to any individual, clinic, hospital, pharmacy or other entity having in its possession papers, documents, medical charts, prescriptions or any other nonfinancial records. Any such subpoenas issued by the executive director shall be made pursuant to an order of the Board entered on its minutes, determined on a case-by-case basis. Investigatory subpoenas, as provided in this section, may be served either by personal process or by registered mail, and upon service shall command production of the papers and documents to the Board at the time and place so specified. The Board shall be entitled to the assistance of the chancery court or the chancellor in vacation, which, on petition by the Board, shall issue ancillary subpoenas and petitions and may punish as for contempt of court in the event of noncompliance with the subpoenas or petitions.

For the purpose of conducting hearings, the Board through its executive director may subpoena persons and papers on its own behalf and on behalf of the respondent, including records obtained under Section 73-25-28 and Section 73-25-83(c), may administer oaths, and may compel the testimony of witnesses. Any such subpoenas issued by the executive director shall be made pursuant to an order of the Board entered on its minutes, determined on a case-by-case basis. It may issue subpoenas to take testimony, and testimony so taken and sworn to shall be admissible in evidence for and against the respondent. The Board shall be entitled to the assistance of the chancery court or the chancellor in vacation, which, on petition by the Board, shall issue ancillary subpoenas and petitions and may punish as for contempt of court in the event of noncompliance with the subpoenas or petitions.

Unless the court otherwise decrees, a license that has been suspended by the Board for a stated period of time shall automatically become valid on the expiration of that period and a license that has been suspended for an indefinite period shall become again valid if and when the Board so orders, which it may do on its own motion or on the petition of the respondent. A license that has been revoked shall not be restored to validity except: (1) by order of the Board based on petition for reinstatement filed under Section 73-25-32 or (2) by order of the chancery court or Supreme Court following appeal. Any licentiate whose license becomes again valid after a period of suspension or after it has been restored to validity by order of the Board or by an order of the court, shall record it again in the office of the clerk of the circuit court of the county in which he resides in conformity with the requirements of Section 73-25-13. Nothing in this chapter shall be construed as limiting or revoking the authority of any court or of any licensing or registering officer or board, other than the State Board of Medical Licensure, to suspend, revoke and reinstate licenses and to cancel registrations under the provisions of Section 41-29-311.

Approved March 31, 2009.

§73-25-28. RIGHT OF BOARD OF MEDICAL LICENSURE TO EXAMINE RECORDS; RECORDS SUBJECT TO SUBPOENA; CONFIDENTIALITY AND DESTRUCTION OF RECORDS; BOARD TO PROVIDE INFORMATION TO HOSPITALS

- (1) In any case in which disciplinary action against a medical physician, osteopathic physician or podiatrist is being considered by the State Board of Medical Licensure, the executive officer of the Board, or its investigators accompanied by any member of the Board or any licensed physician or podiatrist appointed to act for the Board, upon reasonable cause as defined below, may enter, at a time convenient to all parties, any hospital, clinic, office of a medical physician, osteopathic physician or podiatrist or emergency care facility to inspect and copy patient records, charts, emergency room records or any other document which would assist the Board in its investigation of a medical physician, osteopathic physician or podiatrist. Reasonable cause shall be demonstrated by allegations of one or more of the following: (a) a single incident of gross negligence; (b) a pattern of inappropriate prescribing of controlled substances; (c) an act of incompetence or negligence causing death or serious bodily injury; (d) a pattern of substandard medical care; (e) a pattern of unnecessary surgery or unindicated medical procedures; (f) disciplinary action taken against a physician or podiatrist by a licensed hospital or by the medical staff of the hospital; (g) voluntary termination by a physician or podiatrist of staff privileges or having restrictions placed thereon; or (h) habitual personal use of narcotic drugs or other drugs having addiction-forming or addiction-sustaining liability, or the habitual personal use of intoxicating liquors or alcoholic beverages, to an extent which affects professional competency. Whether reasonable cause exists shall be determined by the executive officer and executive committee of the Board, and documentation of that determination shall be provided to the hospital, clinic, office or emergency care facility before entry for inspection and copying hereunder.

If the licensee refuses to comply with the order, the Board's order directing the

examination may be enforced by filing a petition for enforcement in any court of competent jurisdiction. The licensee against whom the petition is filed shall not be named or identified by initials in any public court record or document, and the proceedings shall be closed to the public unless the licensee stipulates otherwise. The Board shall be entitled to the summary procedure provided in applicable state law. An acupuncture practitioner affected under this subsection shall at reasonable intervals be afforded an opportunity to demonstrate that he or she can resume the competent practice of acupuncture with reasonable skill and safety of the patients. Each licensee shall be required to pay biennial license renewal fees and meet continuing education requirements as provided in this chapter.

§73-71-45. RENEWAL OF EXPIRED LICENSE WITHIN FOUR YEARS AFTER EXPIRATION; REQUIREMENTS FOR OBTAINING NEW LICENSE AFTER FOUR YEARS AFTER EXPIRATION.

- (2) A person who fails to renew his or her license within four (4) years after its expiration may not renew that license, and it may not be restored, reissued or reinstated after that time; but that person may apply for and obtain a new license if he or she meets the following requirements:

- (1) A suspended license is subject to expiration and shall be renewed as provided in this chapter, but while the license remains suspended, and until it is reinstated, the renewal does not entitle the practice of acupuncture, or any other activity or conduct in violation of the order of the Board by which the license was suspended.
- (2) A revoked license is subject to expiration as provided in this chapter but it may not be renewed. If it is reinstated after its expiration, the former licensee, as a condition of reinstatement, shall pay a reinstatement fee in an amount equal to the renewal fee in effect on the last regular renewal fee date, if any, accrued at the time of its expiration.

"The POST form is always voluntary and is usually for persons with advanced illness. POST records your wishes for medical treatment in your current state of health. Once initial medical treatment is begun and the risks and benefits of further therapy are clear, your treatment wishes may change. Your medical care and this form can be changed to reflect your new wishes at any time. However, no form can address all the medical treatment decisions that may need to be made. An advance health-care directive is recommended for all capable adults and emancipated minors, regardless of their health status. An advance directive allows you to document in detail your future health care instructions and/or name a health-care agent to speak for you if you are unable to speak for yourself.

If this form is for a minor for whom you are authorized to make health-care decisions, you may not direct denial of medical treatment in a manner that would make the minor a 'neglected child' under Section 43-21-105, Mississippi Code of 1972, or otherwise violate the child abuse and neglect laws of Mississippi. In particular, you may not direct the withholding of medically indicated treatment from a disabled infant with life-threatening conditions, as those terms are defined in 42 USCS Section 5106g or regulations implementing it and 42 USCS Section 5106a."

(i) The first subdivision, entitled "Completing POST," shall have the following language:

POST must be reviewed and prepared in consultation with the patient or the patient's representative.

POST must be reviewed and signed by a physician to be valid. Be sure to document the basis for concluding the patient had or lacked capacity at the time of execution of the form in the patient's medical record. The signature of the patient or the patient's representative is required; however, if the patient's representative is not reasonably available to sign the original form, a copy of the completed form with the signature of the patient's representative must be placed in the medical record as soon as practicable and "on file" must be written on the appropriate signature on this form.

Use of original form is required. Be sure to send the original form with the patient.

There is no requirement that a patient have a POST.

(ii) The second subdivision, entitled "Implementing POST," shall have the following language:

If a health care provider or facility is unwilling to comply with the orders due to policy or personal objections, the provider or facility must not impede transfer of the patient to another provider or facility willing to implement the orders and must provide at least requested care in the meantime unless, in reasonable medical judgment, denial of requested care would not result in or hasten the patient's

death.

If a minor protests a directive to deny the minor life-preserving medical treatment, the denial of treatment may not be implemented pending issuance of a judicial order resolving the conflict.

(iii)The third subdivision, entitled "Reviewing POST," shall have the following language:

This POST must be reviewed at least annually or earlier if;

The patient is admitted or discharged from a health care facility;

There is a substantial change in the patient's health status; or
