## ***Part 2605 Chapter 3: Temporary Licensure***

### *Rule 3.1 | Temporary Licensure*

- A. Mississippi temporary medical or podiatric licenses may be issued to applicants for licensure in Mississippi under the following conditions:
1. A restricted temporary medical or podiatric license may be issued upon proper completion of an application to an applicant who otherwise meets all requirements for licensure except successful completion:
    - a. of the postgraduate training requirements provided in Part 2605, Chapter 1, Rule 1.1 or Chapter 2, Rule 2.1; and/or
    - b. of Step 3 of USMLE, Level 3 of COMLEX, or Part 3 of the APMLE.

Such restricted temporary license shall entitle the physician to practice medicine or podiatric medicine only within the confines of an ACGME, AOA or APMA approved postgraduate training program in this state and may be renewed annually for the duration of the postgraduate training for a period not to exceed five (5) years.

Residents typically practice within the confines of an ACGME, AOA or APMA approved postgraduate training program which may be located in another state, and which meets all requirements as described above. These programs sometimes have affiliated institutions (i.e., hospitals or clinics) located in Mississippi which are not ACGME, AOA or APMA approved sites, but in which the resident needs to rotate as part of their otherwise approved training program. Programs may petition the Board, via its Executive Committee, to approve those affiliated Mississippi locations such that residents of those programs may apply for a temporary license in order to rotate at those facilities.

- B. The Board may issue a temporary license to practice medicine for a period not to exceed 90 days at a youth camp licensed by the State Department of Health to any nonresident physician who is not licensed to practice medicine in this state or to any resident physician who is retired from the active practice of medicine in this state while serving as a volunteer at such camp.
1. Nonresident Physician
    - a. must have favorable references from two physicians with whom the applicant has worked or trained within the last year;
    - b. must have written certification from the medical licensing authority in the state in which he or she holds a currently valid license to practice medicine; and
    - c. must submit fee prescribed by the Board.
  2. Retired Resident Physician
    - a. must be in good standing with the Board, and
    - b. must submit fee as prescribed by the Board.
- C. Any licensee issued a temporary license to practice medicine who prescribes controlled substances must have and utilize their own, individual controlled substance registration certificate issued by the U.S. Drug Enforcement Administration.

*Rule 3.2 | Limited Institutional Licensure*

- A. Pursuant to Section 73-25-23, Mississippi Code, a limited institutional license is available only to graduates of Board-approved international medical schools who are employed or are being considered for employment to practice medicine in one or more Mississippi state-supported institutions located in the same county.
- B. Graduates of international medical schools holding a limited institutional license, and who are employed by and enrolled in an approved ACGME or AOA postgraduate training program in a state-supported institution, shall be authorized to participate only in such approved postgraduate educational program or affiliated training program sites.
- C. An application for limited institutional licensure may be accepted by the Board only upon the written request of the state-supported institution which has employed or is considering employing a graduate of an international medical school to practice medicine.
- D. A limited institutional license may be issued for a period of one (1) year for practice in a particular institution after a review and favorable recommendations by a majority of the following:
  - 1. President or Secretary, Board of Trustees of Institution
  - 2. Director of Institution
  - 3. President or Secretary, Local Chartered Medical Society in area in which institution is located
  - 4. Member, Board of Trustees, Mississippi State Medical Association in area in which institution is located
  - 5. Member, Mississippi State Board of Medical Licensure from district in which institution is located
  - 6. Executive Officer, Mississippi State Board of Medical Licensure
- E. In addition to the above requirements for a limited institutional license, an applicant shall meet the following requirements:
  - 1. Must be at least twenty-one (21) years of age and of good moral character.
  - 2. Must submit copy of diploma and certification of completion from a medical school listed in the World Director of Medical Schools or its equivalent.
  - 3. Must submit certified copy of valid certificate from the ECFMG or its successor.
  - 4. Must submit an application completed in every detail with recent passport type photograph.
  - 5. Must submit fee prescribed by the Board.
  - 6. Submit fingerprints for state and national criminal background checks.
- F. Pursuant to Section 73-25-23, Mississippi Code, a limited institutional license must be renewed annually, after such review as the Board considers necessary. A graduate of an

international medical school so licensed may hold such limited institutional license no longer than five (5) years.

- G. A limited institutional license shall become void immediately upon termination of employment of the licensee at the institution, or institutions, at which practice is authorized under the license.
- H. An annual renewal fee shall be prescribed by the Board.

**Amended November 19, 1998; amended March 8, 2007; amended May 17, 2007; amended March 20, 2015; and amended March 16, 2017.**

*Rule 3.3 | Temporary Training License for Out-of-State Residents*

An individual enrolled in an out-of-state postgraduate training program wishing to rotate through an ACGME or AOA approved training program within Mississippi, shall not be required to obtain a restricted temporary license provided the rotation lasts no longer than four (4) weeks. However, the individual must submit the following to the Board:

- A. A completed information form which has been supplied by the Board.
- B. A letter from the physician's postgraduate training program stating that he or she is going to be participating in a rotation in Mississippi and the duration.
- C. A letter from the training program in Mississippi stating the physician will be training with them and the duration.
- D. Verification of a current license (limited or training), permit, or letter from the state in which the individual is enrolled in a training program.
- E. A licensure fee in the amount of \$50.

The individual may not participate in the Mississippi training program until a valid training license has been issued. The license will be effective the date the individual is to begin the Mississippi rotation and will become null and void the day the individual completes the rotation.

If during the duration of the training, it is determined that the physician may stay longer than four (4) weeks, the temporary training license may be renewed for an additional four (4) weeks. Under no circumstances will the license be renewed after eight (8) weeks. An individual anticipating on rotating through a Mississippi training program for a period longer than eight (8) weeks shall be required to obtain a Restricted Temporary Medical License.

The Board reserves the right to deny issuance of a temporary training license as provided herein based on any of the statutory grounds as enumerated in Mississippi Code, Sections 73-25-29 and 73-25-83.

**Adopted September 20, 2007.**

*Rule 3.4 | Short-Term Training for Out-of-State Physicians*

The Board is aware that there are Mississippi physicians assisting out-of-state physicians in expanding professional knowledge and expertise by offering short-term training to the out-of-state physician. The Mississippi physician wishing to offer this training to the unlicensed out-of-state physician(s) must have their short-term training program approved by the Board.

The Mississippi physician must submit a detailed letter stating the purpose of the short-term training program, the objectives of the course, approximately how long the course will last, and any supporting documentation that would assist the Board in determining the approval status of the program.

An individual wishing to attend the Board approved short-term training is not required to obtain a permanent Mississippi medical license; however, the individual must submit the following to the Board:

- A. A completed information form which has been supplied by the Board.
- B. A letter from the mentor of the Board approved training program stating that the applicant is going to be participating in the short-term training program and the duration.
- C. Verification of a current unrestricted permanent license from the state in which the individual is currently practicing.
- D. A permit fee in the amount of \$25.

The individual may not participate in the short-term training program until a valid training permit has been issued. The permit will be effective the date the individual is to begin the training and will become null and void the day the individual completes the training.

A short-term training permit is typically valid for two to three days; however, it can be issued up to fifteen (15) days. If during the duration of the training, it is determined that the physician may stay longer than fifteen (15) days, the temporary training permit may be renewed for an additional (15) days. Under no circumstances will the permit be renewed after thirty (30) days. An individual anticipating training for a period longer than thirty (30) days will be required to obtain a permanent Mississippi medical license.
